

Environmental Job Training Activities: An Effective Vehicle to Train Residents

Dillard University
Deep South Center for
Environmental Justice

A stylized, dark brown silhouette of a mountain range is positioned in the bottom right corner of the slide, extending from the right edge towards the center.

Problems

There is a preference for training evacuees from the Mississippi River Gulf Coast Area Residents.

- ◆ Many received one-way tickets and are too far away from home to get jobs.
 - ◆ Housing shortage
 - ◆ Discrimination on jobs in hiring and firing
 - ◆ Availability of food
 - ◆ Cheaper labor available
- 

Where? When? How? and What?

There is a preference for training evacuees from the Mississippi River Gulf Coast Area Residents.

- ◆ What - Supervisor training needed
 - ◆ When - Evening training classes
 - ◆ How - Relationship with contractors
 - ◆ Where - Training proximity
-
